

November 6, 2018

Kristi Anderson, Finance Manager Independent School District No. 881 Maple Lake, MN

Dear Kristi,

In accordance with your request, we are attaching the accompanying PDF file, which contains an electronic final version of the financial statements of Independent School District No. 881 as of June 30, 2018. We understand that your request for the electronic copy has been made as a matter of convenience. You understand that electronic transmissions are not entirely secure and that it is possible for confidential financial information to be intercepted by others.

These financial statements and our report(s) on them are not to be modified in any manner. This final version supersedes all prior drafts. Any preliminary draft version of the financial statements previously provided to you in an electronic format should be deleted from your computer, and all printed copies of any superseded preliminary draft versions should likewise be destroyed.

Professional standards and our firm policies require that we perform certain additional procedures whenever our reports are included, or we are named as accountants, auditors, or "experts," in a document used in a public or private offering of equity or debt securities. Accordingly, as provided for and agreed to in the terms of our arrangement letter, Independent School District No. 881 will not include our reports, or otherwise make reference to us, in any public or private securities offering without first obtaining our consent. Any request to consent is also a matter for which separate arrangements will be necessary. After obtaining our consent, Independent School District No. 881 also agrees to provide us with printer's proofs final reproduced material for our approval before it is distributed. In the event our auditor/client relationship has been terminated when Independent School District No. 881 seeks such consent, we will be under no obligation to grant such consent or approval.

Thank you for the opportunity to serve you.

Sincerely,

SCHLENNER WENNER & CO.

#### INDEPENDENT AUDITORS' REPORT

November 6, 2018

Members of the Board of Education Independent School District No. 881 Maple Lake, Minnesota

## **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 881, Maple Lake, Minnesota, (the District) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

An Independently Owned Member, RSM US Alliance

www.swcocpas.com

# **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 881, Maple Lake, Minnesota, as of June 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Other Matters**

# Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Budgetary Comparison Schedule, Schedule of Changes in District's Net OPEB Liability, Schedule of Money-Weighted Rate of Return on OPEB Plan Assets, Schedule of District's Proportionate Share of Net Pension Liability, and Schedule of District Pension Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

# Other Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, combining nonmajor governmental funds statements, and the Uniform Financial Accounting and Reporting Standards Compliance Table are presented for the purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor funds financial statements and the Uniform Financial Accounting and Reporting Standards Compliance Table are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor funds financial statements and the Uniform Financial Accounting and Reporting Standards Compliance Table are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 6, 2018 on our consideration of Independent School District No. 881's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Independent School District No. 881's internal control over financial reporting and compliance.

# Report on Other Legal and Regulatory Requirements

In accordance with Minnesota Statutes, we have also issued our report dated November 6, 2018, on our consideration of Independent School District No. 881's compliance with provisions of the *Minnesota Legal Compliance Audit Guide for School Districts*, promulgated by the State Auditor pursuant to Minnesota Statute Section 6.65. The purpose of the report is to determine if the District has complied with Minnesota laws and regulations. That report is an integral part of an audit performed in the State of Minnesota.

SCHLENNER WENNER & CO.

St. Cloud, Minnesota

REQUIRED SUPPLEMENTARY INFORMATION

As management of Independent School District No. 881 (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2018.

#### FINANCIAL HIGHLIGHTS.

- The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$655,230 (net position). The unrestricted net position is negative \$10,635,757.
- The District's total net position decreased \$1,032,941 as a result of current year operations.
- At the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$4,031,283, a decrease of \$4,279,478 in comparison with the prior year. Approximately 46 percent of this amount, \$1,842,106, is available for spending at the District's discretion.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$1,509,995, or 16 percent of total General Fund expenditures.
- The District's total debt decreased by \$5,517,226 (37 percent) in the current fiscal year.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain, are summarized in the following table. The remainder of the overview section of the Management Discussion and Analysis highlights the structure and contents of each of the statements.

## **OVERVIEW OF THE FINANCIAL STATEMENTS** (Continued)

		Fund Financial Statements					
	Government-Wide	Governmental Funds	Fiduciary Funds				
Scope	Entire District (except fiduciary funds)	The activities of the District that are not fiduciary, such as special education and building maintenance, food service, and community education	Activities the District operates in trust or for which the District is a fiscal agent				
Required financial statements	Statements of Net Position	Balance Sheet	Statement of Fiduciary Net Position				
	Statement of Activities	Statement of Revenue, Expenditures, and Changes in Fund Balances	Statement of Changes in Fiduciary Net Position				
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial focus	Accrual accounting and economic resources focus				
Type of asset/deferred outflows/liability/deferred inflows information	All assets, deferred outflows, liabilities, and deferred inflows of resources both financial and capital short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon there after; deferred inflows of resources recorded to defer unavailable assets; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, short-term and long-term				
Type of outflow/inflow information	All revenue and expenses during the year, regardless of when cash is received or paid	Revenue for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenue and expenses during the year, regardless of when cash is received or paid				

# **Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the net difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and accrued but unpaid interest).

## **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

#### **Government-Wide Financial Statements** (Continued)

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the District include administration, district support services, regular instruction, vocational instruction, exceptional instruction, community education and services, instructional support services, pupil support services, sites and buildings, fiscal and other fixed cost programs, interest and other fiscal charges, and unallocated depreciation. The District currently does not report any business-type activities.

The government-wide financial statements start on page 15 of this report.

## **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact by the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains two individual major governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and Debt Service Fund, both of which are considered to be major funds. Data from the other two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget.

The basic governmental fund financial statements start on page 17 of this report.

# Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the district-wide financial statements because the resources of those funds are *not* available to support the District's own programs. The accounting used for fiduciary funds is much like that used for the district-wide financial statements.

The basic fiduciary fund financial statements start on page 21 of this report.

# **Notes to the Financial Statements**

The notes provide additional information essential to a full understanding of the data provided in the district-wide and fund financial statements. The notes to the financial statements start on page 23 of this report.

## **OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**

# **Other Information**

The combining statements referred to earlier in connection with nonmajor governmental funds are presented as other supplementary information. Combining and individual fund statements and schedules start on page 63 of this report.

# GOVERNMENT-WIDE FINANCIAL ANALYSIS

#### **Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources, for a net balance of \$655,230 at the close of the most recent fiscal year.

A significant portion of the District's net position reflects its investment in capital assets (e.g., land, buildings, machinery and equipment), less any related debt used to acquire those assets still outstanding. The District uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although, the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

# Net Position Table 1

	Governmental Activities							
	2018			2017		Increase (Decrease)		
Assets								
Current and Other Assets Capital Assets	\$	8,224,015 17,313,814	\$	11,933,856 17,417,982	\$	(3,709,841) (104,168)		
Total Assets		25,537,829		29,351,838		(3,814,009)		
Deferred Outflows of Resources		9,067,509		12,340,489		(3,272,980)		
Liabilities								
Current and Other Liabilities		1,295,185		1,998,719		(703,534)		
Noncurrrent Liabilities		26,356,007		34,812,615		(8,456,608)		
Total Liabilities		27,651,192		36,811,334		(9,160,142)		
Deferred Inflows of Resources		6,298,916		3,192,822		3,106,094		
Net Position								
Net Investment in Capital Assets		9,222,852		3,853,787		5,369,065		
Restricted		2,068,135		6,205,887		(4,137,752)		
Unrestricted		(10,635,757)		(8,371,503)		(2,264,254)		
Total Net Position	\$	655,230	\$	1,688,171	\$	(1,032,941)		

An additional portion of the District's net position (\$2,068,135) represents resources that are subject to external restrictions on how they may be used. The remaining unrestricted balance of net position may be used to meet the District's ongoing obligations to citizens and creditors. The balance of unrestricted net position was negative \$10,635,757 at year end.

# GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

# **Changes in Net Position**

The District's net position decreased \$1,032,941 during the most recent fiscal year. Key elements of this decrease are as follows:

# **Changes in Net Position Table 2**

	Governmental Activities

Net Position - End of Year	<u>\$</u>	655,230	\$	1,688,171	\$	(1,032,941)		

# **GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)**

#### **Changes in Net Position** (Continued)

- The current year change in net position is an increase of \$833,892 over that of the prior year. This is a result of a 1.5 percent increase in revenues and a 4.8 percent decrease in expenses during fiscal year 2018.
- State aid not restricted to specific programs decreased \$190,097 due to decreases in general education and state revenues. Operating and capital grants, on the other hand, increased \$283,927 and \$185,763, respectively, primarily due to a significant increase in state special education aid and a capital grant for solar panels.
- Expenses related to administration, regular and exceptional instruction decreased \$122,269, \$299,845 and \$90,329, respectively, from the prior year, primarily due to the decrease in pension expense. Interest and other fiscal charges decreased \$92,568, primarily due to an overall decrease in debt in the current year.

#### **Total and Net Cost of Governmental Activities**

The net cost of governmental activities is their total costs less program revenues applicable to each category. The following table presents these total and net costs.

# **Total and Net Costs of Services Table 3**

		Total Cost of Services			Net Cost of Services	
			Increase			Increase
	2018	2017	(Decrease)	2018	2017	(Decrease)
Administration	\$ 659,227	\$ 781,496	\$ (122,269)	\$ 659,227	\$ 781,496	\$ (122,269)
District Support Services	372,925	371,861	1,064	372,925	371,861	1,064
Regular Instruction	5,810,605	6,110,450	(299,845)	5,365,315	5,838,527	(473,212)
Vocational Instruction	199,674	207,902	(8,228)	194,540	201,799	(7,259)
Exceptional Instruction	2,154,579	2,244,908	(90,329)	1,031,511	1,326,002	(294,491)
Community Education and Services	357,668	382,813	(25,145)	49,165	46,938	2,227
Instructional Support Services	560,928	586,698	(25,770)	560,928	586,698	(25,770)
Pupil Support Services	1,261,375	1,197,620	63,755	674,374	691,054	(16,680)
Sites and Buildings	822,407	874,521	(52,114)	715,982	779,510	(63,528)
Fiscal and Other Fixed Costs Programs	42,741	49,150	(6,409)	42,741	49,150	(6,409)
Interest and Other Fiscal Charges	370,484	463,052	(92,568)	370,484	463,052	(92,568)
Unallocated Depreciation	486,860	486,861	(1)	486,860	486,861	(1)
Totals	\$13,099,473	\$13,757,332	\$ (657,859)	\$10,524,052	\$11,622,948	\$ (1,098,896)

Some significant items to note include the following:

- The net costs of services related to administration, regular instruction and exceptional instruction decreased \$122,269, \$473,212 and \$294,491, respectively, primarily due to factors discussed in the previous section.
- The total and net costs related to interest and other fiscal charges decreased \$92,568 from the prior year. This is primarily due to factors discussed in the previous section.

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

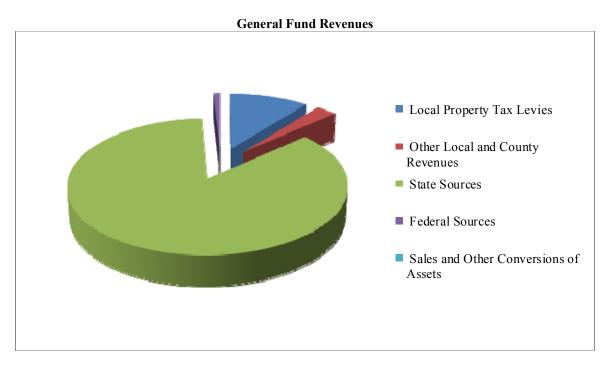

## **Governmental Funds**

The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$4,031,283, a decrease of \$4,279,478 in comparison with prior year. The following is a summary of the District's major funds:

	Fund Balance June 30,				Increase		
Major Funds		2018	2017		(Decrease)		
General	\$	2,476,461	\$	2,390,897	\$	85,564	

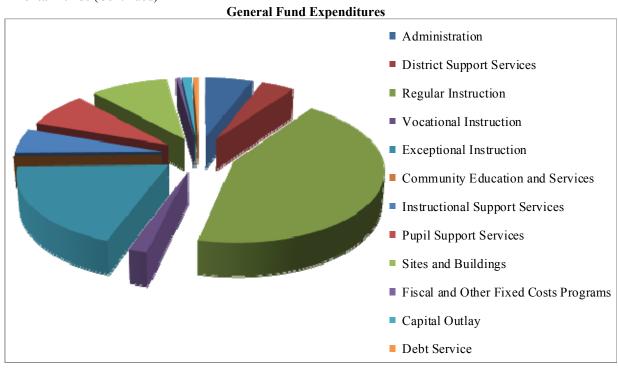

The fund balance of the General Fund increased by \$85,564. Revenues increased approximately 2.2 percent from prior year, while expenditures increased approximately 0.1 percent.

The District receives the vast majority of its funding in the General Fund from the State of Minnesota (86 percent), which is subject to fluctuation based on the number of pupils served by the District and changes in State legislation. In addition, the District receives approximately 11 percent of its General Fund revenues from local property tax levies.

# FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Continued)

#### Governmental Funds (Continued)

A significant portion of the District's General Fund expenditures are used for regular, vocational, and exceptional instruction (65 percent). Expenditures for various support services total 18 percent, and the remaining 17 percent consists of expenditures for administration, sites and buildings and other items.

		Fund Balaı		Increase			
Major Funds		2018		2017		(Decrease)	
Debt Service	\$	357,332	\$	5,637,736	\$	(5,280,404)	

The Debt Service fund balance decreased by \$5,280,404 during the year. Operations were comparable to that of the prior year, with the exception of a bond refunding payment made in the current year, as discussed in further detail in Note 3.C. in the Notes to the Basic Financial Statements.

	Fund Balance June 30,					Increase		
Major Funds		2018		2017		(De	ecrease)	
<b>Building Construction</b>	\$	864,593	\$		-	\$	864,593	

The Building Construction fund balance increased by \$864,593 during the year due to being a new fund in the current year related to various building improvements.

# FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS (Continued)

# Governmental Funds (Continued)

# **General Fund Budgetary Highlights**

The District's General Fund budget was amended during the year. The revenues budget was increased by \$291,558, and the expenditures budget was changed in several functions for an overall decrease of \$22,611 from original to final. The final budget called for expenditures of \$9,393,554 and a decrease in fund balance of \$296,624. Actual revenues and expenditure were approximately equal to budgeted amounts, with the exception of state revenues, which exceeded budgeted amounts.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

# **Capital Assets**

The District's investment in capital assets for its governmental activities as of June 30, 2018, amounts to \$17,313,814 (net of accumulated depreciation). This investment in capital assets includes land, land improvements, buildings and improvements, equipment, and vehicles. The total decrease in the District's investment in capital assets for the current fiscal year was approximately 1 percent.

Major capital asset events during the current fiscal year included the purchase of solar energy panels, athletic equipment, and technology equipment, and various building and site improvements.

# Capital Assets Net of Depreciation Table 4

	Governmental Activities							
		2018			_	Increase (Decrease)		
Land	\$	119,000	\$	119,000	\$	-

Buildings and Improvements		16,231,139		16,355,974		(124,835)		
Equipment and Vehicles		483,353		433,355	_	49,998		
Total	\$	17,313,814	\$	17,417,982	\$	(104,168)		

Additional information on the District's capital assets can be found in Note 3.B. on page 34 of this report.

#### **Long-Term Debt**

At the end of the current fiscal year, the District had total long-term debt outstanding of \$9,257,974, excluding the District's long-term net OPEB liability and net pension liability of \$715,919 and \$16,382,114, respectively. A summary of long-term debt activity for the year ended June 30, 2018 follows on the next page.

## **CAPITAL ASSETS AND DEBT ADMINISTRATION (Continued)**

Long-Term Debt (Continued)

# Long-Term Debt Table 5

	Governmental Activities							
	2018			2017		Increase (Decrease)		
G.O. School Building Bonds	\$	-	\$	5,670,000	\$	(5,670,000)

Compensated Absences		7,964		7,906		58		
Severance Payable		14,049		28,099		(14,050)		
Total	\$	9,257,974	\$	14,775,200	\$	(5,517,226)		

The District's total debt decreased by \$5,517,226 (37 percent) during the current fiscal year. Additional information on the District's long-term debt can be found in Note 3.C. on page 35 of this report.

# ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The District's appointed and elected officials considered many factors when setting the fiscal year 2019 budget. These factors included the following:

• The 2018-2019 budget was created using the anticipated student counts, funding information available at the time of its adoption, staffing needs, the condition and needs of the building and grounds, transportation costs, and collective bargaining settlements

At the time these financial statements were prepared and audited, the District was aware of the following existing conditions that could affect its financial health in the next year:

- The 2018-2019 budget was adopted prior to the end of the 2018 legislative session.
- 2018-2019 enrollments were estimates.

A subsequent budget will go to the Board using updated legislation, actual student counts, voting outcomes, and collective bargaining settlements upon completion.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District Office at 200 State Highway 55 East, Maple Lake, MN 55358.

# INDEPENDENT SCHOOL DISTRICT NO. 881 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES – GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2018

Net change in fund balances - total governmental funds	\$	(4,279,478)
Amounts reported for governmental activities in the Statement of Activities are different due to the following:		
Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets:  Capital Outlay  Assets Acquired via Capital Lease  Assets Acquired via Solar Contract  Depreciation Expense  Governmental funds report capital outlays as expenditures while separate sepa	7 }	(104 169)
The issuance of long-term debt provides current financial resources to governmental funds while the repayment of principal of long-term debt consumes the current financial resources of governmental funds.  Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and discounts when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The amounts below detail the effects of these differences in the treatment of long term debt and related items:  Proceeds from the Issuance of Long-Term Debt  Bond Premium  (29,768  Bond Principal Repayments  Amortization of Bond Premiums  Lease Proceeds  (84,737  Capital Lease Principal Repayments  42,810	8) ) ) (7)	(104,168)
Because some property taxes will not be collected for several months after the District's fiscal year ends, they are not considered as "available" revenues in the governmental funds, and are instead counted as deferred tax inflows. They		5,503,234
are, however, recorded as revenues in the Statement of Activities:  Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:  Change in Accrued Interest Change in Compensated Absences Change in Severance Payable  94,920  (58  Change in Severance Payable	3)	(5,829)
Certain liabilities do not represent the impending use of current resources. Therefore, the change in such liabilities and related deferrals are not reported in the governmental funds:  Net Pension Liability and Deferred Outflows/Inflows of Resources  Net OPEB Liability and Deferred Outflows/Inflows of Resources  (2,173,738)  (81,874)		108,912 (2,255,612)

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 1.A. FINANCIAL REPORTING ENTITY

Independent School District No. 881 (the District) is an educational entity established by the State of Minnesota. The government of the District is directed by an elected seven-member Board of Education (the Board). The Board exercises legislative authority and determines all matters of policy. The Board appoints personnel responsible for the proper administration of all affairs relating to the District. The accompanying financial statements present the government entities for which the District is considered to be financially accountable.

The District has considered all potential units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the primary government to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the primary government. Based on these criteria, there are currently no entities considered to be component units of the District.

Student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside school hours. The Board does have a fiduciary responsibility in establishing broad policies and ensuring that appropriate financial records are maintained for student activities. However, in accordance with Minnesota State Statutes, the District's Board has not elected to control or exercise oversight responsibility with respect to the underlying student activities. Accordingly, the student activity accounts are not included in the basic financial statements. Separate audited financial statements and reports are presented following the District's audited financial statements and reports.

## 1.B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all nonfiduciary activities of the primary government. For the most part, interfund activities have been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operations or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

# 1.C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The financial statements of Independent School District No. 881 have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Expenses are classified by function for governmental activities.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# 1.C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. In the fund financial statements, expenditures are classified as follows:

Governmental Funds – By Character

Current (further classified by function) Capital Outlay Debt Service

Property taxes, intergovernmental revenue, and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the tax is levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

The Building Construction Fund accounts for the resources accumulated and payments made for building construction.

Additionally, the government reports the following fund types:

The *Special Revenue Funds* account for the proceeds of specific revenue sources (other than expendable trust and major capital projects) that are legally restricted to expenditures for specified purposes.

The *Fiduciary Funds* consist of trust funds used for activity of the District's Scholarship Fund and to fund any future postemployment benefits payable from the District.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 1.D. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, and deferred inflows, and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## 1.E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND EQUITY

## **Deposits and Investments**

Cash balances from all funds are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable participation by each of the funds. Temporary cash investments are stated at cost which approximates fair value. Investments in external investment pools are valued at the pool's share price.

# **Cash with Fiscal Agent**

Cash with fiscal agent represents deposits with fiscal agents for the payment of bond principal and interest and the defeasance of debt at a future date. These bond transactions are discussed further in detail in Note 3.C. in the Notes to the Basic Financial Statements.

#### **Property Taxes Receivable**

The majority of District revenue is determined annually by statutory funding formulas. The total revenue allowed by these formulas is then allocated between property taxes and state aids by the Legislature based on education funding priorities.

Generally, property taxes are recognized as revenue by the District in the fiscal year that begins midway through the calendar year in which the tax levy is collectible. To help balance the state budget, the Minnesota Legislature utilizes a tool referred to as the "tax shift," which periodically changes the District's recognition of property tax revenue. The tax shift advance recognizes cash collected for the subsequent year's levy as current year revenue, allowing the state to reduce the amount of aid paid to the District.

Property tax levies are certified to the County in December of each year for collection from taxpayers in May and October of the following calendar year. In Minnesota, counties act as collection agents for all property taxes. The county spreads all levies over taxable property. Such taxes become an enforceable lien on property on the following January 1. The county generally remits taxes to the District at periodic intervals as they are collected. A portion of property taxes levied is paid by the State of Minnesota through various tax credits, which are included in revenue from state sources in the financial statements.

Taxes that remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is deferred in the fund financial statements because it is not known to be available to finance the operation of the District in the current year. For government-wide financial statements, no allowance for uncollectible taxes is considered necessary.

# Accounts Receivable

Accounts receivable include amounts billed for services provided before year end. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## 1.E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND EQUITY (Continued)

#### **Due from Other Governments**

Amounts due from the Minnesota Department of Education, from the federal government through the Department of Education and from other governmental units for general education aids and reimbursements under various specific programs are reported at the estimated amounts to be received based on available information at the date of this report. In some instances, adjustments and proration by these agencies, which are dependent upon the amount of funds available for distribution and may result in differing amounts actually being received. Any such differences will be absorbed into operations of the subsequent period.

## **Inventory**

Inventory is recorded using the consumption method of accounting and consists of purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method, and surplus commodities are stated at standardized cost, as determined by the Department of Agriculture.

# **Prepaids**

Prepaid expenses consist of amounts paid during the year ended June 30, 2018 which will benefit future periods. Included in this amount are supplies purchased for use in subsequent periods and insurance premiums applicable to future accounting periods.

# **Capital Assets**

Capital assets are capitalized at historical cost or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated acquisition value at the date of donation. The District maintains a threshold level of \$1,000 or more for capitalizing capital assets. The system for accumulation of fixed asset cost data does not provide the means for determining the percentage of assets valued at actual and those valued at estimated cost.

Capital assets are recorded in the district-wide financial statements, but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from twenty to fifty years for land improvements and buildings, and five to fifteen years for equipment and vehicles.

Capital assets not being depreciated include land and construction in progress, if any.

The District does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings or other improvable property.

# **Accrued Payroll Liabilities**

Salaries pertaining to the school year ended June 30, 2018, which are payable in July and August 2018, are accrued as of June 30, 2018, and are shown as a liability on the accompanying financial statements. Liabilities for payroll taxes, amounts withheld from payroll checks and benefits accrued are also included.

# **Unearned Revenue**

Unearned revenue consists of local revenue received, but not yet earned. Such amounts typically consist of grants and entitlements received before eligibility requirements are met and prepaid pupil lunch balances.

## NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## 1.E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND EQUITY (Continued)

# **Postemployment Benefits Other Than Pensions (OPEB)**

For purposes of measuring the District's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's OPEB plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

# **Compensated Absences**

Under the terms of union contracts, certain employees accrue vacation at varying rates, portions of which may be carried over to future years. Employees are reimbursed for any unused, accrued vacation and related benefits upon termination. Vacation pay is accrued in the district-wide financial statements when earned. Unused vacation pay is accrued in governmental fund financial statements only when it has matured due to employee termination or similar circumstances.

#### **Severance Benefits**

Severance benefits consist of lump sum early retirement incentive payments and post-employment health care benefits. The General Fund is used to fund these benefits.

The District maintains various early retirement incentive payment plans for its employee groups. Each employee group plan contains benefit formulas based on years of service and/or minimum age requirements. No employee can receive early retirement incentive payments exceeding one year's salary. For substantially all employees, early retirement incentive benefits are eliminated if employment with the District occurred subsequent to July 1, 1994. In addition, certain bargaining unit members are eligible to be compensated for unused accumulated sick leave upon termination subject to certain conditions. If retirement occurs by yearend, the related benefits are included with salaries and other compensated absences as a current liability.

# **Long-Term Obligations**

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the governmental activities Statement of Net Position. Bond premiums and discounts are deferred and are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

# **Net Pension Liability**

The net pension liability represents the District's allocation of their pro-rata share of the Statewide General Employees Retirement Fund and Teachers Retirement Association net pension liabilities.

# NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## 1.E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND EQUITY (Continued)

#### **Net Pension Liability** (Continued)

#### **PERA**

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## TRA

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Teachers Retirement Association (TRA) and additions to/deductions from TRA's fiduciary net position have been determined on the same basis as they are reported by TRA.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis and Minneapolis School District. This direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association in 2015.

#### **Interfund Transactions and Balances**

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. If short-term in nature or incurred through goods and service type transactions, such interfund balances are reported as "due to/from other funds." Long-term interfund loans are reported as "advances to/from other funds." Interfund transactions and balances between governmental funds are eliminated in the Statement of Net Position.

## **Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This element represents a consumption of net position that applies to future periods, and therefore, will not be recognized as an outflow of resources (expense) until that time. The District reports deferred outflows of resources in the government-wide Statement of Net Position in relation to the activity of the pension funds in which District employees participate.

In addition to liabilities, the Statement of Net Position and Balance Sheet report a separate section for deferred inflows of resources. This element represents an acquisition of net position or fund balance that applies to future periods, and therefore, will not be recognized as an inflow of resources (revenue) until that time. The District reports property taxes levied for subsequent years as deferred inflows of resources in both the government-wide and governmental fund financial statements. The District reports delinquent property tax receivables as deferred inflows of resources in the governmental funds, in accordance with the modified accrual basis of accounting. In addition, the District reports deferred inflows of resources in the government-wide Statement of Net Position in relation to the activity of the pension funds and OPEB plan in which District employees participate. Accordingly, such amounts are deferred and recognized as inflows of resources in the period that they become available.

See Note 5 for additional information pertaining to the deferred outflows and deferred inflows recorded to account for pension activities.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 1.E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND EQUITY (Continued)

#### **Fund Balance**

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of resources reported in the governmental funds. These classifications are defined as follows:

Nonspendable – Includes amounts that cannot be spent because they are either not in spendable form, or they are legally or contractually required to be maintained intact. The nonspendable fund balance at June 30, 2018 consists of prepaid expenditures and inventory.

Restricted – Amounts related to externally imposed constraints established by creditors, grantors or contributors; or constraints imposed by state statutory provisions.

Committed – Amounts constrained for specific purposes that are internally imposed by formal action (resolution) of the Board of Education (the Board), which is the District's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the Board modifies or rescinds the commitment by resolution.

Assigned – Amounts that are neither restricted or committed, but are constrained by the District's intent to be used for specific purposes. The Board currently has delegated the authority to assign fund balances to the District's Superintendent and Finance Manager.

Unassigned – The residual classification for the General Fund and also negative residual amounts in other funds, if any. The District has formally adopted a policy under which it strives to maintain a minimum unassigned General Fund balance equal to approximately 1.5 months of operating expenditures.

When both restricted and unrestricted resources are available for use, it is the District's practice to first use restricted resources, and then use unrestricted resources as they are needed. If resources from more than one fund balance classification could be spent, the District will spend the resources from fund balance classifications in the following order: restricted, committed, assigned and unassigned in accordance with the District's policy.

See Note 3.D. for additional disclosures.

#### **Net Position**

Net position represents the difference between the sum of assets and deferred outflows of resources and the sum of liabilities and deferred inflows of resources. Net position is displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation reduced by any outstanding debt attributable to acquiring the capital assets.

Restricted Net Position – Consists of net position restricted when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

Unrestricted Net Position – All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 1.E. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND EQUITY (Continued)

#### **Interfund Transfers**

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purpose of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated. See additional information at Note 3 E.

#### NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

By its nature, the District is subject to various federal, state, and local laws and contractual regulations. The District complies with all state and local laws and regulations requiring the use of separate funds.

#### 2.A. BUDGETARY INFORMATION

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General and major special revenue funds. Formal budgetary integration is employed as a management control device. All annual appropriations lapse at fiscal year-end. The School Board must approve revisions to budgeted amounts.

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve the portion of the applicable appropriations, is employed by the District to assure effective budgetary control and to facilitate effective cash planning and control. All appropriations lapse at year-end. Encumbrance information, however, has not been incorporated into the financial statements.

The District's General Fund budget was amended during the year. The revenues budget was increased by \$291,558, and the expenditures budget was changed in several functions for an overall decrease of \$22,611 from original to final. The final budget called for expenditures of \$9,393,554 and a decrease in fund balance of \$296,624. Actual expenditures were less than final budgeted amounts by \$47,870.

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS

#### 3.A. DEPOSITS AND INVESTMENTS

#### **Deposits**

In accordance with applicable Minnesota Statutes, the District maintains deposits in financial institutions designated by the School Board. Minnesota Statutes require that all District deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110 percent of the deposits not covered by insurance or bonds (100% if collateral pledged is irrevocable standby letters of credit issued by the Federal Home Loan Bank). The District complies with such laws.

Authorized collateral in lieu of a corporate surety bond includes:

• United States Government Treasury bills, Treasury notes, Treasury bonds;

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### **3.A. DEPOSITS AND INVESTMENTS** (Continued)

#### **Deposits** (Continued)

- Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- A general obligation of a state or local government, with taxing powers, rated "A" or better;
- A revenue obligation of a state or local government, with taxing powers, rated "AA" or better;
- Unrated general obligation securities of a local government, with taxing powers, pledged as collateral against funds deposited by that same local government entity;
- Irrevocable standby letter of credit issued by a Federal Home Loan Bank accompanied by written evidence that the Federal Home Loan Bank's public debt is rated "AA" or better by Moody's or Standard and Poor's; or
- Time deposits insured by any federal agency.

Minnesota Statutes require that all collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection should be approved by the District.

At June 30, 2018, the District's deposits were not exposed to custodial credit risk. The District's deposits were sufficiently covered by federal depository insurance or by collateral held by the District's agent in the District's name.

#### Investments

The District may also invest idle funds as authorized by Minnesota Statutes as follows: direct obligations guaranteed by the United States or its agencies; shares of investment companies registered under the Federal Investment Company Act of 1940 that received the highest credit rating, are rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of 13 months or less; general obligations rated "A" or better; revenue obligations rated "AA" or better; general obligations of the Minnesota Housing Finance Agency rated "A: or better; bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System; commercial paper issued by United States corporations or their Canadian subsidiaries, rated of the highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less; Guaranteed Investment Contracts guaranteed by a United States commercial bank, domestic branch of a foreign bank, or a United States insurance company, and with a credit quality in one of the top two highest categories; repurchase or reverse purchase agreements and securities lending agreements with financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers. Under Minnesota Statutes, the District has expanded investment options for its fiduciary trust fund. The District does not have any investment policies that would further limit investment choices.

The Minnesota School District Liquid Asset Fund and the MNTrust Investment Shares Portfolio are external investment pools not registered with the Securities Exchange Commission (SEC) that follow the same regulatory rules of the SEC under rule 2a7. The fair value of the position in the pool is the same as the value of the pool shares. The investments in the Minnesota School District Liquid Asset Fund and the MNTrust Investment Shares Portfolio are not subject to the credit risk classifications as noted in GASB Statement No. 72.

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### **3.A. DEPOSITS AND INVESTMENTS** (Continued)

**Investments** (Continued)

Investment balances at June 30, 2018 are as follows:

Type of Investments	Credit Rating	Segmented Time Distribution	 Fair Value
Non-Pooled Investments			
MNTrust Certificates of Deposit	N/A	Less than 6 months	\$ 492,900
MNTrust Certificates of Deposit	N/A	1 to 3 years	243,600
Pooled Investments			
Minnesota District Liquid Asset Fund	N/A	Less than 6 months	1,185
MNTrust Investment Shares Portfolio	N/A	Less than 6 months	3,889,816
MNTrust Gov't & Muni Securities	N/A	6 months to a year	74,057
MNTrust Gov't & Muni Securities	N/A	1 to 3 years	 738,645
Totals			\$ 5,440,203

The table above excludes investments of \$966,610, which are held in fiduciary funds.

The investments of the District are subject to the following risks:

- <u>Credit risk</u> is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Ratings are provided by various credit rating agencies and where applicable, indicate associated credit risk. Minnesota Statutes limit the District's investments.
- <u>Custodial credit risk</u> is the risk that in the event of a failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The District does not have a formal investment policy to address custodial credit risk, but typically limits its exposure by purchasing insured or registered investments.
- Concentration of Credit Risk is the risk associated with the magnitude of the District's investments (considered five percent or more) in the investments of a single issuer, excluding U.S. guaranteed investments (such as treasuries), investment pools, and mutual funds. The District has no formal policy limiting the amounts that may be invested in any one issuer. At June 30, 2018, the District does not have a significant concentration of credit risk.
- <u>Interest rate risk</u> is the risk that changes in interest rates will adversely affect the fair value of an investment. The District has no formal policy to address interest rate risk.

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### **3.A. DEPOSITS AND INVESTMENTS** (Continued)

#### **Investments** (Continued)

The District categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District has the following recurring fair value measurements as of June 30, 2018:

• MNTrust Certificates of Deposits valued at \$736,500 are valued using significant other observable inputs (Level 2).

#### **Deposits and Temporary Investments Summary**

The following is a summary of total deposits and temporary investments:

Carrying Amount of Deposits Investments	\$ 195,816 6,406,813
Cash with Fiscal Agent	 47,196
Total Cash and Temporary Investments	\$ 6,649,825

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### 3.C. NONCURRENT LIABILITIES

#### General Obligation (G.O.) Bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. Assets of the Debt Service Fund, together with scheduled future ad valorem tax levies, are dedicated for the retirement of these obligations. The annual future debt service levies authorized are equal to 105 percent of the principal and interest due each year. These levies are subject to reduction if fund balance amounts exceed limitations imposed by Minnesota law.

There are a number of limitations and restrictions contained in the general obligation bond indentures.

The interest rates are fixed rates that may increase by a predetermined amount each year. District-wide interest and fiscal charges for 2018 total \$425,413 on the Statement of Activities. Fund financial statement interest and fiscal charges for 2018 total \$520,333. Interest expenses included in direct program expenses total \$0; all bond interest and fees are included in interest and other fiscal charges.

General obligation bonds are direct obligations and pledge the full faith and credit of the District. General obligation bonds currently outstanding are as follows:

		Original	Interest	Final Maturity	Balance	
Description	Issue Amount		unt Rates Date		Outstanding	
Governmental Activities						
G.O. School Building Bonds, Series 2008A	\$	8,730,000	3.00 - 5.00%	2/1/2028	\$ -	
OPEB Bond, Series 2009A		1,340,000	3.00 - 5.00%	2/1/2021	1,145,000	
G.O. Refunding Bond, Series 2009B		2,500,000	2.50 - 4.00%	2/1/2022	1,010,000	
G.O. Capital Facilities Bond, Series 2010A		375,000	1.50 - 3.50%	2/1/2020	80,000	
G.O. Refunding Bonds, Series 2014A		1,445,000	2.00 - 3.00%	2/1/2018	-	
G.O. Refunding Bonds, Series 2016A		5,160,000	2.00 - 3.00%	2/1/2028	5,160,000	
G.O. Bonds, Series 2018A		230,000	3.00%	2/1/2021	230,000	
Taxable G.O. Bonds, Series 2018B		715,000	2.70 - 4.00%	2/1/2024	715,000	
	\$	20,495,000			\$ 8,340,000	

#### 2016A Refunding Bonds

In April 2016, the District issued \$5,160,000 General Obligation Crossover Refunding Bonds, Series 2016A, with interest rates ranging from 2.00% to 3.00%. The proceeds from such issuance were held in escrow and were used to advance refund the remaining outstanding balance of the 2008A bonds on February 1, 2018. The 2008A bonds had interest rates ranging from 3.00% to 5.00%.

The refunding will reduce the total future debt service over the next twelve years by \$545,470. This results in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$488,451.

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### **3.C. NONCURRENT LIABILITIES** (Continued)

#### **Capital Leases**

The District occasionally enters into lease/purchase agreements as a means for financing the acquisition of new equipment. Collateral pledged to under these agreements consists of the equipment acquired by the District through the lease/purchase agreements. Additional information, including the outstanding balance on the lease/purchase agreements at June 30, 2018, is as follows:

Description	Original  Issue Amount		Interest Rates	Final Maturity Date	Balance atstanding
Governmental Activities US Bank Lease-Purchase Agreement Solar Array Capital Lease	\$	635,000 84,737	1.25 - 3.65% 0.00%	8/1/2027 12/31/2029	\$ 450,000 81,927
	\$	719,737			\$ 531,927

At June 30, 2018, the assets acquired with the capital leases above have a cumulative original cost of \$876,410 and accumulated depreciation of \$129,054, for a net carrying value of \$747,356.

#### **Debt Service Requirements**

At June 30, 2018, estimated annual debt service requirements to maturity for the general obligation bonds are as follows:

	Governmental Activities								
Years Ending			(	G.O. Bonds					
June 30,		Principal		Interest		Total			
2019	\$	1,350,000	\$	251,546	\$	1,601,546			
2020		1,160,000		205,526		1,365,526			
2021		1,155,000		168,775		1,323,775			
2022		1,190,000		130,975		1,320,975			
2023		665,000		93,475		758,475			
2024-2028		2,820,000		241,575		3,061,575			
Total	\$	8,340,000	\$	1,091,872	\$	9,431,872			

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### **3.C. NONCURRENT LIABILITIES** (Continued)

#### **Debt Service Requirements** (Continued)

At June 30, 2018, estimated annual debt service requirements to maturity for the capital lease are as follows:

Years Ending						
June 30,	F	Principal Interest				Total
2019	\$	45,672	\$	13,700	\$	59,372
2020	*	45,852	•	12,750	-	58,602
2021		46,113		11,650		57,763
2022		51,387		10,481		61,868
2023		51,673		9,131		60,804
2024-2028		278,121		22,088		300,209
2029-2030		13,109		<u>-</u>		13,109
Total	\$	531,927	\$	79,800	\$	611,727

#### **Changes in Noncurrent Liabilities**

Noncurrent liability activity for the year ended June 30, 2018, is as follows:

	Beginning Balance	 Additions	_]	Reductions		Ending Balance	Oue Within One Year
Governmental Activities:							
General Obligation Bonds	\$ 13,860,000	\$ 945,000	\$	(6,465,000)	\$	8,340,000	\$ 1,350,000
Unamortized Premium	389,195	29,768		(54,929)		364,034	-
Capital Leases	490,000	84,737		(42,810)		531,927	45,672
Compensated Absences	7,906	8,812		(8,754)		7,964	-
Severance Payable	28,099	 <u>-</u>	_	(14,050)	_	14,049	 14,049
Governmental Activities							
Long-Term Liabilities	\$ 14,775,200	\$ 1,068,317	\$	(6,585,543)	\$	9,257,974	\$ 1,409,721

Bonds payable and capital leases are typically funded through the Debt Service Fund and General Fund, respectively. Severance payable and compensated absences are typically funded through the funds to which the respective employees' wages are allocated.

## NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

### 3.D. FUND BALANCE CLASSIFICATIONS

At June 30, 2018, governmental fund equity includes the following:

		General Fund		Debt Service Fund		Building nstruction Fund	Go	Other vernmental Funds	Go	Total vernmental Funds
Nonspendable	\$	49	\$		\$		\$	2,054	\$	2 102

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### 3.D. FUND BALANCE CLASSIFICATIONS (Continued)

<u>Restricted for Operating Capital</u> – This amount represents funds to be used for the purchase, lease and maintenance of school facilities and equipment.

<u>Restricted for Staff Development</u> - This amount represents available resources restricted for professional growth of instructional staff members during their service to the school district.

<u>Restricted for Health and Safety</u> – This amount represents available resources dedicated exclusively for capital expenditure health and safety projects. Revenues are derived from State aids and expenditures are for necessary improvements for fire safety hazards, life safety hazards, asbestos removal and selected repairs and cleanup, removal, disposal and repairs related to storing heating fuel or transportation fuel. This restricted fund balance is allowed to be negative.

Restricted for Area Learning Center – This amount represents amounts restricted for students attending area learning centers.

<u>Restricted for Gifted and Talented</u> – This amount represents the unspent portion of general education aid revenue at year end restricted for programs for the gifted and talented.

Restricted for Basic Skill – Extended Time – This amount represents resources available for basic skills extended time uses.

<u>Restricted for Long–Term Facility Maintenance</u> – This amount represents restricted resources for long–term facility maintenance stipulated by the District's long–term facility maintenance plan.

<u>Restricted for Medical Assistance</u> - This amount represents available resources restricted to be used for Medical Assistance expenditures.

<u>Restricted for Lease</u> – This amount represents the balance of cash with fiscal agent to be used for lease payments.

<u>Restricted for Debt Service</u> – This amount represents restricted resources for debt service stipulated by constitution, external resource providers, or through enabling legislation.

Restricted for Building Construction – This amount represents resources to be used for building construction.

<u>Restricted for Community Education</u> – This amount represents available resources for community education classes. Revenues are derived from tax levies and state aids and expenditures are for salaries, benefits and supplies.

<u>Restricted for Early Childhood Family Education (ECFE)</u> – This amount represents available resources for ECFE classes. Revenues are derived from local tax levies and state aids and expenditures are for salaries, benefits and supplies.

<u>Restricted for School Readiness</u> – This amount represents restricted resources for school readiness programs stipulated by constitution, external resource providers, or through enabling legislation.

<u>Restricted for Community Service</u> – This amount represents restricted resources for community service expenditures stipulated by constitution, external resource providers, or through enabling legislation.

<u>Assigned for Local Collaborative Time Study</u> – This amount represents fund balance assigned for a future local collaborative time study.

<u>Assigned for Drivers Education</u> – This amount represents fund balance assigned for driver's education.

<u>Assigned for Q Comp</u> – This amount represents fund balance assigned for future Q Comp payments.

#### NOTE 3 DETAILED NOTES ON TRANSACTION CLASSES/ACCOUNTS (Continued)

#### 3.E. INTERFUND TRANSACTIONS AND BALANCES

Operating transfers consist of the following for the year ended June 30, 2018:

			 Transfers In
			 Major Fund
	-	Transfers	Debt
Nonmajor Fund		Out	 Service
Building Construction	\$	31,295	\$ 31,295

Transfers are used to (a) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget require to expend them and to (b) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### NOTE 4 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

#### **Plan Description**

The District operates a single-employer defined benefit plan (the Plan) that provides postretirement benefits to eligible retirees and their families. An irrevocable trust, established and operated under the provisions of *Minnesota Statute* 471.6175, is used to finance benefit obligations incurred by the plan. The assets of such trust are managed in accordance with *Minnesota Statute* 118A. The Plan does not issue a publicly available financial report.

#### **Benefits Provided**

The District offers continuing group health insurance coverage after retirement for qualifying District employees. Teachers and certain other District personnel who retire from active teaching may continue their single or family coverage, at their expense, through the District plan if they retire after reaching the age of 55 or greater with 12-15 years of uninterrupted service in the District. This option is allowed as long as the District continues to sponsor a group health plan. Benefit and eligibility provisions are established through negotiations between the District and the union representing the District's teachers and are renegotiated each two-year bargaining period. As of the most recent valuation date, there are 122 active participants, including 116 active employees and 6 retired participants.

The District is legally required to include any retirees for whom it provides health insurance coverage in the same insurance pool as its active employees until the retiree reaches Medicare eligibility, regardless of whether the premiums are paid by the District or the retiree. Consequently, participating retirees are considered to receive a secondary benefit known as an "implicit rate subsidy." This benefit arises from the assumption that the retiree is receiving a more favorable premium rate than they would otherwise be able to obtain if purchasing insurance on their own, due to being included in the same pool with the District's younger and statistically healthier active employees.

#### **Contributions**

The District did not have any contractually required or actuarially determined contributions to the Plan as of June 30, 2018. The District has established an irrevocable trust to fund all future benefits paid under the Plan, and it is assumed that the District will be required to make no further contributions to the trust. Accordingly, the District did not make any direct contributions to the Plan during the year ended June 30, 2018. However, implicit contributions of \$30,798 were calculated and have been disclosed as an addition to the Plan Fiduciary Net Position on the following page. Employees are not required to contribute to the OPEB plan.

#### NOTE 4 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

#### Net OPEB Liabilities, OPEB Expense, and Deferred Outflows/Inflows of Resources

At June 30, 2018, the District reported a net OPEB liability of \$715,919 for the District's plan. The net OPEB liability was measured as of June 30, 2018, as determined by an actuarial valuation.

For the year ended June 30, 2018, the District recognized OPEB expense of \$81,874. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	d Outflows of esources	 Inflows of urces
Changes in actuarial assumptions Differences between projected	\$ 43,779	\$ -
and actual investment earnings	 360	 
Total Deferred Outflows/Inflows	\$ 44,139	\$ 

Deferred outflows of resources related to the Plan will be recognized in the District's OPEB expense as follows:

Year Ended		
June 30,	Pensio	on Expense
2019	\$	(8,505)
2020	\$	(8,505)
2021	\$	(8,505)
2022	\$	(9,869)
2023	\$	(8,755)

## NOTE 4 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

### **Changes in the Net OPEB Liability**

The following table summarizes changes in the net OPEB liability for the year ended June 30, 2018:

Changes in Total OPEB Liability (TOL)		
Balance at July 1st	\$	1,732,160
Service Cost		86,084
Interest Cost		48,413
Changes in Actuarial Assumptions		(52,535)
Benefit Payments		(116,343)
		/
Balance at June 30th	\$	1,697,779
DI E'I ' NA DA 'A' (END)		
Plan Fiduciary Net Position (FNP)	ф	1 0 40 501
Balance at July 1st	\$	1,048,521
Employer Contributions		30,798

Difference between Expected and Actual Experience		5,564
Total Additions		49,993
Benefit Payments		(116,343)
Administrative Expenses		(311)
Total Reductions	-	(116,654)
Balance at June 30th	\$	981,860
Net OPEB Liability (Asset) - June 30th	\$	715,919

#### NOTE 4 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

#### **Actuarial Assumptions**

The following is a summary of pertinent actuarial assumptions and methods utilized, applied to all periods included in the measurement, unless otherwise specified:

Key Methods and Assumptions Used in Valuation of Total Pension Liability		
Actuarial Information: Valuation Date	July 1, 2016	
Measurement Date	June 30, 2018	
Actuarial Cost Method	Entry Age Normal	
Actuarial Assumptions:		
Discount Rate	3.30%	
Salary Increases	3.00%	
Inflation Rate	2.50%	
Bond Yield	3.50%	
Medical Trend Rate	6.50% (grading to 5.00% over 6 years)	

Mortality rates were based on the RP-2014 White Collar Mortality Tables with MP-2015 Generational Improvement Scale.

The long-term expected rate of return of the Plan's investments was determined using a building-block method in which best-estimates of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the current asset allocation percentage (or target allocation, if available) and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected Real Rate
Asset Class	Target Allocation	of Return
- <del>-</del>		
Fixed Income	<u>100%</u>	1.30%

#### **Net OPEB Liability Sensitivity**

The following presents the net OPEB liability, calculated using the discount rate disclosed in the preceding section, as well as what the District's net OPEB liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Sensitivity of Net OPEB	Tialailia, at	Command Cin	ala Diagount Data
Sensitivity of Net OPER	i Liability at i	Current Sins	gie Discount Kate

	Rates	Amounts
1% Increase in Discount Rate	4.30%	\$607,459
Current Discount Rate	3.30%	\$715,919
1% Decrease in Discount Rate	2.30%	\$827,937

#### NOTE 4 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

#### Net OPEB Liability Sensitivity (Continued)

The following presents the net OPEB liability, calculated using the healthcare cost trend rates disclosed in the preceding section, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

3	
	Amounts
1% Increase in Healthcare Trend Rates	\$922,657
Current Healthcare Trend Rates	\$715,919
1% Decrease in Healthcare Trend Rates	\$540,727

#### **Concentrations**

At June 30, 2018, the District's OPEB plan held various investments, which each represented more than 5 percent of the Plan's Fiduciary Net Position.

Type of Investments	Fair Value	
Ally Bank Certificate of Deposit	\$	246,881
Goldman Sachs Bank USA Certificate of Deposit		99,946
Bank of the West Certificate of Deposit		240,800
CIT Bank/ Onewest Bank Certificate of Deposit		109,200
First Internet Bank of Indiana Certificate of Deposit		152,000
Totals	\$	848,827

#### Rate of Return

For the year ended June 30, 2018, the annual money-weighted rate of return on plan investments, net of investment expense, approximated 1.80 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS - STATEWIDE

#### 5.A. PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

#### **Plan Description**

The District participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's defined benefit pension plans are tax qualified plans under Section 401 (a) of the Internal Revenue Code.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS - STATEWIDE (Continued)

#### **5.A. PUBLIC EMPLOYEES RETIREMENT ASSOCIATION** (Continued)

#### Plan Description (Continued)

General Employees Retirement Plan (General Employees Plan (accounted for in the General Employees Fund))

All full-time and certain part-time employees of the District other than teachers are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

#### **Benefits Provided**

PERA provides retirement, disability, and death benefits. Benefit provisions are established by State Statute and can only be modified by the State Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

#### General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Coordinated Plan member is 1.2 percent of average salary for each of the first ten years and 1.7 percent for each remaining year. Under Method 2, the annuity accrual rate is 1.7 percent for Coordinated Plan members for each year of service. For members hired prior to July 1, 1989 a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989 normal retirement age is the age for unreduced Social Security benefits capped at 66.

Benefit recipients will receive a future annual increase equal to 50 percent of the Social Security Cost of Living Adjustment, not less than 1.0 percent and not more than 1.5 percent, beginning January 1, 2019. For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches Normal Retirement Age (not applicable to Rule of 90 retirees, disability benefit recipients, or survivors). A benefit recipient who has been receiving a benefit for at least 12 full months as of June 30 will receive a full increase. Members receiving benefits for at least one month, but less than 12 full months as of June 30 will receive a pro rata increase.

#### **Contributions**

*Minnesota Statutes* Chapter 353 set the rates for employer and employee contributions. Contribution rates can only be modified by the State Legislature.

#### General Employees Fund Contributions

Coordinated Plan members were required to contribute 6.50 percent of their annual covered salary in fiscal year 2018; the District was required to contribute 7.50 percent for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2018 were \$120,731. The District's contributions were equal to the required contributions as set by State Statute.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS - STATEWIDE (Continued)

#### **5.A. PUBLIC EMPLOYEES RETIREMENT ASSOCIATION** (Continued)

#### **Pension Costs**

#### General Employees Fund Pension Costs

At June 30, 2018 the District reported a liability of \$1,570,448 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the State of Minnesota's contribution of \$16 million to the fund in 2018. The State of Minnesota is considered a non-employer contributing entity and the State's contribution meets the definition of a special funding situation. The State of Minnesota's proportionate share of the net pension liability associated with the District totaled \$19,787. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2016, through June 30, 2017, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2017, the District's proportionate share was 0.0246 percent, which was an increase of 0.0002 percent from its proportion measured as of June 30, 2016.

For the year ended June 30, 2018, the District recognized pension expense of \$68,477 for its proportionate share of the General Employees Plan's pension expense. In addition, the District recognized an additional \$571 as pension expense (and grant revenue) for its proportionate share of the State of Minnesota's contribution of \$16 million to the General Employees Fund.

At June 30, 2018, the District reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferre	d Outflows of	Deferr	ed Inflows of
R	esources	R	esources
\$	51,757	\$	100,732
	258,609		157,438
	-		69,964
	12,179		54,775
	120,731		<u>-</u>
\$	443,276	\$	382,909
	Ro	258,609 12,179 120,731	Resources Resour

\$120,731 was reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended		
June 30,	Pension E	Expense Amount
2019	\$	(53,882)
2020	\$	86,448
2021	\$	(26,267)
2022	\$	(66,663)

#### NOTE 5 DEFINED BENEFIT PENSION PLANS - STATEWIDE (Continued)

#### **5.A. PUBLIC EMPLOYEES RETIREMENT ASSOCIATION** (Continued)

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions:

Assumptions	Rates
Inflation	2.50% per year
Active Member Payroll Growth	3.25% per year
Investment Rate of Return	7.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2014 tables for males or females, as appropriate, with slight adjustments. Cost of living benefit increases for retirees are assumed to be one percent per year for all future years.

Actuarial assumptions used in the June 30, 2017 valuation were based on the results of actuarial experience studies. The most recent four-year experience study in the General Employees Plan was completed in 2015.

The following changes in actuarial assumptions occurred in 2017:

#### General Employees Fund

- The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability, and 3.0 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected Real Rate
Asset Class	Target Allocation	of Return
Domestic Stocks	39%	5.10%
International Stocks	19%	5.30%
Bonds	20%	0.75%
Alternative Assets	20%	5.90%
Cash	<u>2%</u>	0.00%
Total	<u>100%</u>	

#### NOTE 5 DEFINED BENEFIT PENSION PLANS - STATEWIDE (Continued)

#### **5.A. PUBLIC EMPLOYEES RETIREMENT ASSOCIATION** (Continued)

#### **Discount Rate**

The discount rate used to measure the total pension liability in 2017 was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net position of the General Employees Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### **Pension Liability Sensitivity**

The following presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Sensitivity of Net Pension	Liability at Currer	nt Single Discount Rate

	Rates	Amounts
1% Increase in Discount Rate	8.50%	\$861,933
Current Discount Rate	7.50%	\$1,570,448
1% Decrease in Discount Rate	6.50%	\$2,435,881

#### **Pension Plan Fiduciary Net Position**

Detailed information about each pension plan's fiduciary net position is available in a separately-issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

#### 5.B. TEACHERS RETIREMENT ASSOCIATION

#### **Plan Description**

The Teachers Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with *Minnesota Statutes*, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member and three statutory officials.

Teachers employed in Minnesota's public elementary and secondary schools, charter schools, and certain educational institutions maintained by the state (except those teachers employed by the cities of Duluth and St. Paul, and by the University of Minnesota system) are required to be TRA members. State university, community college, and technical college teachers first employed by Minnesota State may elect TRA coverage within one year of eligible employment. Alternatively, these teachers may elect coverage through the Defined Contribution Retirement Plan (DCR) administered by MnSCU.

#### **Benefits Provided**

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS – STATEWIDE (Continued)

#### **5.B. TEACHERS RETIREMENT ASSOCIATION** (Continued)

#### **Benefits Provided (Continued)**

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

#### Tier I Benefits

Tier I	Step Rate Formula	Percentage
Basic	First ten years of service	2.2 percent per year
	All years after	2.7 percent per year
Coordinated	First ten years if service years are up to July 1, 2006	1.2 percent per year
	First ten years if service years are July 1, 2006 or after	1.4 percent per year
	All other years of service if service years are up to July 1, 2006	1.7 percent per year
	All other years of service if service years are July 1, 2006 or after	1.9 percent per year

#### With these provisions:

- (a) Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- (b) 3 percent per year early retirement reduction factor for all years under normal retirement age.
- (c) Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

#### Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7 percent per year for coordinated members and 2.7 percent per year for basic members is applied. For years of service July 1, 2006 and after, a level formula of 1.9 percent per year for Coordinated members and 2.7 percent for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota Statute. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989, receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits, but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS – STATEWIDE (Continued)

#### **5.B.** TEACHERS RETIREMENT ASSOCIATION (Continued)

#### **Contribution Rate**

Per *Minnesota Statutes*, Chapter 354 sets the contribution rates for employees and employers. Rates for fiscal year ended June 30, 2016, June 30, 2017, and June 30, 2018 were:

	<u>Employee</u>	<u>Employer</u>
Basic	11.0%	11.5%
Coordinated	7.5%	7.5%

The following is a reconciliation of employer contributions in TRA 's CAFR "Statement of Changes in Fiduciary Net Position" to the employer contributions used in Schedule of Employer and Non-Employer Pension Allocations.

Employer contributions reported in TRA's CAFR, Statement of Changes in Fiduciary Net Position	\$367,791
Add employer contributions not related to future contribution efforts	810
Deduct TRA's contributions not included in allocation	(456)
Total employer contributions	\$368,145
Total non-employer contributions	35,588
Total contributions reported in Schedule of Employer and Non-Employer Allocations	<u>\$403,733</u>

Amounts reported in the allocation schedules may not precisely agree with financial statement amounts or actuarial valuations due to the number of decimal places used in the allocations. TRA has rounded percentage amounts to the nearest ten thousandths.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS – STATEWIDE (Continued)

### **5.B. TEACHERS RETIREMENT ASSOCIATION** (Continued)

#### **Actuarial Assumptions**

The total pension liability in the June 30, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Key Methods and Assumptions Used in Valuation of Total Pension Liability				
Actuarial Information:				
Valuation date	July 1, 2017			
Experience study	June 5, 2015			
-	November 6, 2017 (economic assumptions)			
Actuarial cost method	Entry Age Normal			
Actuarial Assumptions:				
Investment rate of return	5.12%, from the Single Equivalent Interest Rate			
	calculation			
Price inflation	2.50%			
Wage growth rate	2.85% for 10 years and 3.25%, thereafter			
Projected salary increase	2.85% to 8.85% for 10 years and 3.25% to 9.25%, thereafter			
Cost of living adjustment	2.0%			
Mortality Assumptions:				
Pre-retirement:	RP- 2014 white collar employee table, male rates set back six			
	years and female rates set back five years. Generational			
	projection uses the MP-2015 scale.			
Post-retirement:	RP-2014 white collar annuitant table, male rates set back three			
	years and female rates set back three years, with further			
	adjustments of the rates. Generational projection uses the MP-			
	2015 scale.			
Post-disability:	RP-2014 disabled retiree mortality table, without adjustment.			

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Stocks	39%	5.10%
International Stocks	19%	5.30%
Bonds	20%	0.75%
Alternative Assets	20%	5.90%
Unallocated Cash	2%	0.00%
Total	<u>100%</u>	

#### NOTE 5 DEFINED BENEFIT PENSION PLANS – STATEWIDE (Continued)

#### **5.B.** TEACHERS RETIREMENT ASSOCIATION (Continued)

#### **Actuarial Assumptions** (Continued)

The TRA actuary has determined the average of the expected remaining service lives of all members for fiscal year 2016 is six years. The *Difference Between Expected and Actual Experience, Changes of Assumptions, and Changes in Proportion* use the amortization period of six years in the schedule presented. The amortization period for *Net Difference Between Projected and Actual Investment Earnings on Pension Plan Investments* is five years as required by GASB 68.

#### Changes in actuarial assumptions since the 2016 valuation:

- The cost of living adjustment (COLA) was assumed to increase from 2.0 percent annually to 2.5 percent annually on July 1, 2045.
- The COLA was not assumed to increase to 2.5 percent, but remain at 2.0 percent for all future years.
- Adjustments were made to the combined service annuity loads. The active load was reduced from 1.4 percent to 0.0 percent, the vested inactive load increased from 4.0 percent to 7.0% and the non-vested inactive load increased from 4.0 percent to 9.0 percent.
- The investment return assumption was changed from 8.00 percent to 7.50 percent.
- The price inflation assumption was lowered from 2.75 percent to 2.50 percent.
- The payroll growth assumption was lowered from 3.50 percent to 3.00 percent.
- The general wage growth assumption was lowered from 3.50 percent to 2.85 percent for ten years followed by 3.25 percent thereafter.
- The salary increase assumption was adjusted to reflect the changes in the general wage growth assumption.

#### **Discount Rate**

The discount rate used to measure the total pension liability was 5.12 percent. This is an increase from the discount rate at the prior measurement date of 4.66 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the fiscal 2017 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be depleted in 2053 and, as a result, the Municipal Bond Index Rate was used in the determination of the Single Equivalent Interest Rate (SEIR). The long-term expected rate of return (7.50 percent) was applied to periods before 2053 and the Municipal Bond Index Rate of 3.56 percent was applied to periods on and after 2053, resulting in a SEIR of 5.12 percent. There was a change in the Municipal Bond Index Rate from the prior year measurement date (3.01 percent).

#### **Net Pension Liability**

At June 30, 2018, the District reported a liability of \$14,811,666 for its proportionate share of TRA's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis and Minneapolis School District. District proportionate share was 0.0742% at the end of the measurement period and 0.0757% for the beginning of the year.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS – STATEWIDE (Continued)

#### **5.B.** TEACHERS RETIREMENT ASSOCIATION (Continued)

#### **Net Pension Liability** (Continued)

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the district as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the district were as follows:

District's proportionate share of net pension liability	\$14,811,666
State's proportionate share of the net pension liability	\$1,432,277
associated with the District	

For the year ended June 30, 2018, the District recognized pension expense of \$327,248. It also recognized \$27,470 as pension expense for the support provided by direct aid.

On June 30, 2018, the District had deferred resources related to pensions from the following sources:

	 red Outflows of Resources	Deferred Inflows of Resources		
Differences between expected				
and actual experience	\$ 116,798	\$	104,017	
Changes in assumptions	8,223,250		2,074,881	
Net differences between projected and actual investment earnings on pension				
plan investments	-		103,423	
Changes in proportion	-		607,747	
Contributions made to TRA subsequent to the measurement date	 284,185		<u>-</u>	
Total Deferred Outflows/Inflows	\$ 8,624,233	\$	2,890,068	

Deferred outflows of resources and (deferred inflows of resources) will be recognized in pension expense as follows:

Year Ended June 30,	Pens	sion Expense
2019	\$	1,396,308
2020	\$	1,671,188
2021	\$	1,590,421
2022	\$	1,287,392
2023	\$	(495,329)

#### **Pension Liability Sensitivity**

The following presents the net pension liability of TRA calculated using the discount rate of 5.12 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (4.12 percent) or one percentage point higher (6.12 percent) than the current rate.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS – STATEWIDE (Continued)

#### **5.B.** TEACHERS RETIREMENT ASSOCIATION (Continued)

Pension Liability Sensitivity (Continued)

Sensitivity of Net Pension Liability (NPL) to changes in the discount rate

	Rates	Amounts
1% Increase in Discount Rate	6.12%	\$10,817,901
Current Discount Rate	5.12%	\$14,811,666
1% Decrease in Discount Rate	4.12%	\$19,548,545

The District's proportion of the net pension liability was based on the employer contributions to TRA in relation to TRA's total employer contributions including direct aid contributions from the State of Minnesota, City of Minneapolis and Minneapolis School District.

#### **Pension Plan Fiduciary Net Position**

Detailed information about the plan's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org, by writing to TRA at 60 Empire Drive, Suite 400, St. Paul, MN, 55103-4000; or by calling 651-296-2409 or 800-657-3669.

#### NOTE 6 OTHER INFORMATION

#### 6.A. COMMITMENTS AND CONTINGENCIES

#### **Federal and State Programs**

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time. However, management of the District expects such amounts, if any, to be immaterial.

#### 6.B. RISK MANAGEMENT – CLAIMS AND JUDGMENTS

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To manage these risks, the District purchases commercial insurance. The District retains risk for the deductible portions of the insurance. The amounts of these deductibles are considered immaterial to the financial statements. There were no significant reductions in insurance from the previous year settlements in excess of insurance for any of the past two years. The District is also self-insured for state reemployment compensation insurance.

#### 6.C. OTHER EMPLOYEE BENEFITS

#### **Defined Contribution Plan**

The District provides eligible employees future retirement benefits through the District's 403(b) Plan ("the Plan"). Employees of the District are eligible to participate in the Plan commencing on the date of their employment. Eligible employees may elect to have a percentage of their pay contributed to the Plan. Some employees are eligible to receive a District match of employee contributions up to the qualifying amounts set forth in their respective collective bargaining agreements. Contributions are invested in tax deferred annuities selected and owned by Plan participants. The District's contributions to the plan total \$65,026 for the year ended June 30, 2018.

# INDEPENDENT SCHOOL DISTRICT NO. 881 NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

#### NOTE 1 PUBLIC EMPLOYEES RETIREMENT PLAN – GENERAL EMPLOYEES FUND

#### 2017 Changes

#### Changes in Actuarial Assumptions

- The Combined Service Annuity (CSA) loads were changed from 0.8 percent for active members and 60 percent for vested and non-vested deferred members. The revised CSA loads are now 0.0 percent for active member liability, 15.0 percent for vested deferred member liability and 3.0 percent for non-vested deferred member liability.
- The assumed post-retirement benefit increase rate was changed from 1.0 percent per year for all years to 1.0 percent per year through 2044 and 2.5 percent per year thereafter.

#### 2016 Changes

#### Changes in Actuarial Assumptions

- The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, the inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

#### 2015 Changes

#### Changes in Plan Provisions

• On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General Employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised.

#### Changes in Actuarial Assumptions

• The assumed post-retirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2035 and 2.5% per year thereafter.

# INDEPENDENT SCHOOL DISTRICT NO. 881 NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

#### NOTE 2 TEACHERS RETIREMENT ASSOCIATION

#### 2017 Changes

#### **Changes in Actuarial Assumptions**

- The cost of living adjustment (COLA) was assumed to increase from 2.0 percent annually to 2.5 percent annually on July 1, 2045.
- The COLA was not assumed to increase to 2.5 percent, but remain at 2.0 percent for all future years.
- Adjustments were made to the combined service annuity loads. The active load was reduced from 1.4 percent to 0.0 percent, the vested inactive load increased from 4.0 percent to 7.0 percent and the non-vested inactive load increased from 4.0 percent to 9.0 percent.
- The investment return assumption was changed from 8.00 percent to 7.50 percent.
- The price inflation assumption was lowered from 2.75 percent to 2.50 percent.
- The payroll growth assumption was lowered from 3.50 percent to 3.00 percent.
- The general wage growth assumption was lowered from 3.50 percent to 2.85 percent for ten years followed by 3.25 percent thereafter.
- The salary increase assumption was adjusted to reflect the changes in the general wage growth assumption.

#### 2016 Changes

#### Changes in Actuarial Assumptions

- The COLA was not assumed to increase for funding or the GASB calculation. It remained at 2% for all future years.
- The price inflation assumption was lowered from 3% to 2.75%.
- The general wage growth and payroll growth assumptions were lowered from 3.75% to 3.5%.
- Minor changes as some durations for the merit scale of the salary increase assumption.
- The pre-retirement mortality assumption was changed to the RP 2014 white collar employee table, male rates set back 6 years and female rates set back 5 years. Generational projection uses the MP 2015 scale.
- The post-retirement mortality assumption was changed to the RP 2014 white collar annuitant table, male rates set back 3 years and female rates set back 3 years, with further adjustments of the rates. Generational projection uses the MP 2015 scale.
- The post-disability mortality assumption was changed to the RP 2014 disabled retiree mortality table, without adjustment.
- Separate retirement assumptions for members hired before or after July 1, 1989, were created to better reflect each group's behavior in light of different requirements for retirement eligibility.
- Assumed termination rates were changed to be based solely on years of service in order to better fit the observed experience.
- A minor adjustment and simplification of the assumption regarding the election of optional form of annuity payment at retirement were made.

# INDEPENDENT SCHOOL DISTRICT NO. 881 NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2018

#### NOTE 2 TEACHERS RETIREMENT ASSOCIATION (Continued)

#### 2015 Changes

#### **Changes in Plan Provisions**

• The DTRFA was merged into TRA on June 30, 2015.

#### Changes in Actuarial Assumptions

- The annual COLA for the June 30, 2015 valuation assumed 2%. The prior year valuation used 2% with an increase to 2.5% commencing in 2034.
- The discount rate used to measure the total pension liability was 8.0%. This is a decrease from the discount rate at the prior measurement date of 8.25%.

#### NOTE 3 OTHER POSTEMPLOYMENT BENEFIT PLAN

#### 2018 Changes

#### Changes in Actuarial Assumptions

• The discount rate used to measure the OPEB liability was 3.30%. This is an increase from the discount rate at the prior measurement date of 2.75%.

OTHER REQUIRED REPORTS

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

November 6, 2018

Members of the Board of Education Independent School District No. 881 Maple Lake, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 881 (the District) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise Independent School District No. 881's basic financial statements, and have issued our report thereon dated November 6, 2018.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Independent School District No. 881's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying *Schedule of Findings and Responses*, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency described in the accompanying Schedule of Findings and Responses to be a material weakness: 2008-001.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency described in the accompanying *Schedule of Findings and Responses* to be a significant deficiency: 2008-002.

An Independently Owned Member, RSM US Alliance

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **District's Response to Findings**

Independent School District No. 881's response to the findings identified in our audit is described in the accompanying *Schedule of Findings and Responses*. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

St. Cloud, Minnesota

### INDEPENDENT AUDITORS' REPORT ON MINNESOTA LEGAL COMPLIANCE

November 6, 2018

Members of the Board of Education Independent School District No. 881 Maple Lake, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 881, Maple Lake, Minnesota (the District) as of and for the year ended June 30, 2018, and the related notes to the financial statements, and have issued our report thereon dated November 6, 2018.

The *Minnesota Legal Compliance Audit Guide for School Districts*, promulgated by the State Auditor pursuant to Minnesota Statute Section 6.65, contains seven categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and uniform financial accounting and reporting standards for school districts. Our audit considered all of the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that the District failed to comply with the provisions of the *Minnesota Legal Compliance Audit Guide for School Districts*. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT SCHOOL DISTRICT NO. 881 SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2018

#### FINANCIAL STATEMENT FINDINGS

Finding 2008-001 Limited Segregation of Duties

Condition: During our audit we reviewed procedures over cash receipts, cash disbursements, payroll and financial

reporting and found the District to have limited segregation of duties over those transaction cycles.

Criteria: Internal control that supports the District's ability to initiate, record, process and report financial data

consistent with the assertions of management in the financial statements requires adequate segregation of accounting duties. In other words, no one person had control over two or more of these

responsibilities.

Cause: Limited number of staff members.

Effect: The existence of limited segregation of duties could adversely affect the District's ability to initiate,

record, process and report financial data consistent with the assertions of management in the financial

statements.

Recommendation: Although the number of staff members may not be large enough to eliminate this deficiency, we

recommend that the District evaluate current procedures and segregate where possible and implement compensating controls. It is important that the Board is aware of this condition and monitor all

financial information.

Views of Responsible Officials and Planned Corrective Actions:

tions: Management agrees with the recommendation. See corresponding Corrective Action Plan.

Finding 2008-002 Financial Statement Preparation

Condition: Schlenner Wenner & Co. drafted the audited financial statements and related footnote disclosures for

the District. It is management's responsibility to provide for the preparation of financial statements and the auditors' responsibility to determine the fairness of the presentation. This deficiency could

result in a material misstatement that could have been prevented or detected by management.

Criteria: Internal controls over financial reporting should be in place to provide for the preparation of financial

statements on an annual basis.

Cause: The District's staff does not possess the expertise to prepare financial statements internally. This is

not unusual for an organization of your size.

Effect: The inability to internally prepare the District's financial statements can result in undetected errors in

financial reporting.

Recommendation: We recommend that management review a draft of the financial statements in detail for accuracy.

During review we recommend a disclosure checklist be utilized to ensure all required disclosures are presented and the District should agree the financial statement numbers to their accounting software.

The District may not have the ability to eliminate this finding.

#### INDEPENDENT SCHOOL DISTRICT NO. 881 SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED JUNE 30, 2018

#### FINANCIAL STATEMENT FINDINGS (Continued)

Finding 2008-002 Financial Statement Preparation (Continued)

Views of Responsible Officials and Planned Corrective Actions:

The District will continue to have the auditor assist in preparation of the financial statements. The District will continue to document an annual review of the audited financial statements by having the auditor meet with the District personnel to review the financial statements and related footnote disclosures.

#### INDEPENDENT SCHOOL DISTRICT NO. 881 CORRECTIVE ACTION PLANS FOR THE YEAR ENDED JUNE 30, 2018

#### FINANCIAL STATEMENT FINDINGS

#### Finding 2008-001 Limited Segregation of Duties

#### 1. Explanation of Disagreement with Audit Finding

There is no disagreement with the audit finding.

#### 2. Actions Planned in Response to Finding

The District currently has the following procedures in place:

- o The Board of Education reviews the monthly invoices and approves the expenditures.
- o The District utilizes purchase orders which are approved by the Superintendent.

The District will review current procedures and implement additional controls where possible.

#### 3. Official Responsible

Mr. Mark Redemske, Superintendent, is the official responsible for ensuring corrective action.

#### 4. Planned Completion Date

The Corrective Action Plan will be reviewed on an ongoing basis with no anticipated completion date.

#### 5. Plan to Monitor Completion

The Board of Education will be monitoring the Corrective Action Plan.

#### Finding 2008-002 Financial Statement Preparation

#### 1. Explanation of Disagreement with Audit Finding

There is no disagreement with the audit finding.

#### 2. Actions Planned in Response to Finding

The District will continue to have the auditor prepare the financial statements; however, the District will implement an internal control policy to document the annual review of the financial statements and related footnote disclosures.

#### 3. Official Responsible

Mr. Mark Redemske, Superintendent, is the official responsible for ensuring corrective action.

#### 4. Planned Completion Date

The Corrective Action Plan will be reviewed on an ongoing basis with no anticipated completion date.

#### 5. Plan to Monitor Completion

The Board of Education will be monitoring the Corrective Action Plan

### INDEPENDENT AUDITORS' REPORT ON STUDENT ACTIVITY ACCOUNTS

November 6, 2018

Members of the Board of Education, Advisors, and Students Independent School District No. 881 Maple Lake, Minnesota

#### Report on the Financial Statement

We have audited the accompanying combining statement of cash receipts and disbursements of the Student Activity Accounts of Independent School District No. 881, Maple Lake, Minnesota, (the District) for the year ended June 30, 2018, and the related notes to the financial statement.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the cash basis of accounting described in Note 2 of the notes to the student activity accounts financial statement; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

An Independently Owned Member, RSM US Alliance

#### **Basis for Qualified Opinion**

The District has not established procedures to provide assurance that all cash collections are recorded in the accounting records. Consequently, it was not practicable for us to extend our audit of such cash collections beyond the amounts recorded, and we were unable to determine whether any adjustments to these amounts were necessary.

#### **Qualified Opinion**

In our opinion, except for the possible effect of the matter described in the Basis for Qualified Opinion paragraph, the financial statement referred to above presents fairly, in all material respects, the cash transactions of the student activity accounts of Independent School District No. 881, Maple Lake, Minnesota for the year ended June 30, 2018 in accordance with the cash basis of accounting as described in Note 2 of the notes to the student activity accounts financial statement.

#### **Basis of Accounting**

We draw attention to Note 2 of the notes to the student activity accounts financial statement, which describes the basis of accounting. The financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

SCHLENNER WENNER & CO.

St. Cloud, Minnesota

## INDEPENDENT SCHOOL DISTRICT NO. 881 NOTES TO STUDENT ACTIVITY ACCOUNTS FINANCIAL STATEMENT JUNE 30, 2018

- 1. Student Activity Accounts transactions are defined as extracurricular programs conducted for the motivation and enjoyment of students. These programs and activities are not offered for school credits nor are they required for graduation. Activities are generally conducted outside of school hours. The content of the activities is determined primarily by the students, under the guidance of a staff member or other adult.
- 2. The accompanying financial statement has been prepared on the cash receipts and disbursements basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under that basis, the only asset recognized is cash, and no liabilities are recognized. All transactions are recognized as either cash receipts or disbursements, and non-cash transactions are not recognized. The cash basis differs from accounting principles generally accepted in the United States of America primarily because the effects of outstanding dues and obligations for assessments unpaid at the date of the financial statement are not included in the financial statement.

### INDEPENDENT AUDITORS' REPORT ON STUDENT ACTIVITY COMPLIANCE

November 6, 2018

Members of the Board of Education, Advisors, and Students Independent School District No. 881 Maple Lake, Minnesota

We have audited the combining statement of cash receipts and disbursements of the Student Activity Accounts of Independent School District No. 881, Maple Lake, Minnesota (the District), for the year ended June 30, 2018, and have issued our report thereon dated November 6, 2018.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the *Manual for Activity Fund Accounting*, issued by the Minnesota Department of Education.

The *Manual for Activity Fund Accounting* provides uniform financial accounting and reporting standards (UFARS) for student activities. Compliance with UFARS is the responsibility of the District's management. We have performed auditing procedures to test compliance with the provisions of this manual. However, our objective was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

During the completion of our audit procedures, nothing came to our attention indicating non-compliance with the requirements referred to above.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.
